GENESIS

Vehicle Model G80
 Model Year 2017~
 Part No. B1022 ADU01

Accessory Door Visors
 Difficulty (B)

Note: Difficulty stated above reflects the minimum level of expertise required to install the accessory.

(A) Customer (B) Dealer Technician (C) Master Technician

Instructional Symbols / Definitions

Denotes warnings that may lead to serious physical injury or vehicle damage.

Denotes quality processes to be checked prior to moving to the next step.

Denotes safety equipment required to be used such as a mask, goggles, rubber gloves, and hearing protection.

Denotes cautions to be taken to avoid physical injury or electronic component damage.

Denotes specific tools that are necessary to complete the step.

Denotes cautions to be taken to avoid vehicle and component damage.

NOTE

Denotes instructional steps necessary to complete the process.

Mask

Goggles

Rubber Gloves

Hearing Protection

Basic Required Hand Tools

Part Weight (Gross)

1.8	lbs
0.82	kg

FMVSS 110 Compliance Information

All dealers must determine if the weight they have added in the form of all options or accessories, when added to the weight of all Port/Dealer Installed options or accessories, exceeds the lesser of 1.5% of GVWR or 100 lbs. If the additional weight does exceed the lesser of the indicated thresholds, a "Load Carrying Capacity Reduced" label must be installed. A black, fine-point, indelible marker must be used to write by hand onto the label, the reduced carrying capacity in kilograms or pounds, which is the total weight of all added options and accessories.
 Load Label Part Number: NP070 - 09003

Notes to the Installer:

- 1) Read the entire installation instruction prior to beginning the installation of this accessory.
- 2) Make sure the vehicle is completely clean before the accessory is installed.
- 3) Ensure the vehicle is properly protected in the area(s) that the accessory is to be installed.
- 4) NEVER place tools on painted surfaces, seating surfaces, dash pad, console or floor carpet/mats.
- 5) Always wear appropriate safety gear to include gloves and safety glasses when required.
- 6) Combine a mixture of 50/50 Isopropyl Alcohol (70%) & Water into a spray bottle.
- 7) Adhesives used in this product are sensitive to temperature during installation, only install this product to the vehicle if the temperature is between 60°-80°F / 15°-27°C. Installing the parts to the vehicle outside of this temperature may lead to reduced level of performance.
- 8) Installation of all parts should not occur in direct sunlight or if the vehicle has been parked in direct sunlight and is hot as a result. Both the parts and vehicle should be at the same temperature 60°-80°F / 15°-27°C during the installation to ensure maximum adhesion.
- 9) Do not wash the vehicle for 48 hours after installation.
- 10) Do not drive the vehicle for 1 hour after installation.

Genuine Accessories

	Soap and Water and Lint Free Cloth	1
NOTE	1. Using Soap and Water, thoroughly clean the Front RH upper door frame and surrounding areas. 2. Wipe away any residue with a Lint Free Cloth as shown. 3. Lower the window.	
	Make sure all surfaces are completely dry before trial fitting the Door Visor.	

	Non-Permanent Marker or Pencil and Ruler	2
NOTE	1. Remove the protective film from the Door Visor. 2. Trial fit the Front RH Door Visor onto the door frame. Using a Ruler, align the top edge of the Door Visor 2mm below the top of the door edge, while locating the rear edge of the Door Visor 2mm forward from the door edge. 3. Using a Non-Permanent Marker or Pencil, mark the location of the three (3) holes in the Door Visor and where they correspond to the door frame, as shown.	
	Make sure all surfaces are completely dry before proceeding to the next step.	

		3
NOTE	1. From the center of the upper door frame, separate the rubber window seal from the door frame. Do not remove the rubber window seal from the front or rear corners of the upper door frame. 2. Install one (1) metal clip "A" between the door frame and rubber window seal at the Front Marked Position. 3. Install one (1) metal clip "A" between the door frame and rubber window seal at the Rear Marked Position. 4. Install one (1) metal clip "A" between the door frame and rubber window seal at the Center Marked Position. 5. Reinstall the rubber window seal into the door frame. Ensure that the rubber window seal is correctly seated.	
	Ensure the rubber window seal is correctly seated. Be careful not to damage the rubber window seal.	

	50/50 Isopropyl Alcohol (70%) & Water and Lint Free Cloth	4
NOTE	1. Using 50/50 Isopropyl Alcohol (70%) & Water and a lint free cloth, thoroughly clean the entire tape attachment area as shown. - Make sure to remove any marks from the Non-Permanent Marker or Pencil. 2. Wipe away any residue.	
	Do not touch the exposed tape with hands, allow to get dirty or leave exposed for an extended period of time.	

Genuine Accessories

		5
NOTE	1. Peel back approximately 50mm (2") of the tape liner at each end and fold at 45° to the outside of the Door Visor as shown.	
	Do not touch the exposed tape with hands, allow to get dirty or leave exposed for an extended period of time.	

	Ruler	6
NOTE	1. Using a Ruler, align the top edge of the Door Visor 2mm below the top of the door edge while locating the rear edge of the Door Visor 2mm forward from the door edge. 2. Ensure the tape liners from step 4 are exposed. 3. Install three (3) push rivets "B" through the Door Visor into the three (3) metal clips, by pressing down on the center of the push rivet "B".	
	Apply only light pressure to the front and rear corners of the Door Visor during the installation of the push rivets.	

		7
NOTE	1. Fully remove and discard the tape liner by pulling from both ends.	
	Be careful not to tear the tape liner as it is removed.	

	Lint Free Cloth	8
NOTE	1. Using a Lint Free Cloth, apply firm downward pressure to the entire tape flange six (6) times to promote maximum adhesion of the Door Visor to the door frame. 2. Repeat steps 1-7 for Front Left Hand Side. 3. Remove "L" and "R" labels from both front Door Visors.	
	It is critical that the part is correctly pressed down and the clips are properly fitted to ensure the function of the part.	

Genuine Accessories
